Reflect. Rebuild.Reimagine. CALPCC Conference 2023 Sponsorship and Advertising Prospectus

CALPCC Conference 2023 Reflect. Rebuild. Reimagine.

October 13 - 14, 2023 University of San Diego, San Diego, CA

Set in beautiful San Diego, California at the stunning University of San Diego campus, the California Association for Licensed **Professional Clinical Counselors 2023** Conference is back in person. With renewed energy as the pandemic wanes, counselors, students, educators and our supporters will come together as we reflect on our work from the last few years. With sessions designed to educate, excite, and enlighten, we are bringing our A game with presenters and speakers who are experts in the field. For this year, we heard you loud and clear. In addition to our regular programming there will be more opportunities for networking and connecting with colleagues. There will also be new format sessions that center on panel discussions that are short, interactive and informative.

Dear Supporter,

The California Association for Licensed Professional Clinical Counselors (CALPCC) has operated since 2009 as an organization committed to advocating for the needs of Licensed Professional Clinical Counselors, associates, and students across the state of California. With an extensive history prior to the start of what is known today as CALPCC, this organization has worked to secure the LPCC license designation in this state as a way to ensure that ALL residents have access to a mental healthcare workforce that is held to the highest of ethical and educational standards. CALPCC has just over 1700 members, over 5000 contacts, and represents over 8000 Associate and Licensed Professional Clinical Counselors and continues by leaps and bounds in its short time in existence. As the profession grows across the state, so will CALPCC.

This year, our conference is special as it our first time back together as the Covid 19 Pandemic wanes. Our members are excited to learn together, be together, and cotinue to develop professionally and stay on forefront of what is happening in the field of counseling.

I would ask that you pay extra attention to our mission, vision, and goals of the organization for these are our guiding principles. These principles are what run our association and inform our partners who we are and how we operate. These principles also create a culture of accountability for those we serve and those we work with.

We sincerely hope that you will (or continue to) partner with us as we march forward in growing the association

Thank you,

Kenneth F Edwards, MA LPCC (CA 4311) (IL-LCPC)

Executive Director

A Note From The Executive Director

Mission, Vision, and Goals

Misson

To build and support the recognition and effective utilization of Licensed Professional Clinical Counselors (LPCC) in California as distinct and valuable providers within the clinical mental health profession.

Vision

To provide leadership for legislative, advocacy and promotional efforts on behalf of Licensed Professional Clinical Counselors (LPCC) in California.

Goals

- To provide ongoing protection for LPCCs through legislative action, regulatory advocacy, and organized contact with California legislators.
- To protect consumers of counseling services in California by continuing to strengthen qualifications and ethical practice standards for LPCCs in California.
- To promote the understanding and visibility of LPCCs to the public.
- To represent LPCCs at meetings of the Board of Behavioral Sciences and statewide coalitions of mental health providers.
- To serve and represent the common professional and business interests of LPCCs to ensure parity with other licensed mental health professionals.
- To provide relevant information to LPCCs regarding legal, ethical, business, or practice concerns, and trends and legislation at the national level.
- To provide community building and professional development for LPCCs through workshops, conferences, and virtual methods of communication.
- To include the expertise and advice on legislative/advocacy issues from the various counseling specialties to enhance the common good for all LPCCs and the counseling profession in California.

Tax Deductibility

The California Association for Licensed Professional Clinical Counselors is set up as a nonprofit 501(c)(6) corporation. Like a 501(c)(3) entity, no part of our net earnings goes to the benefit of any private shareholder or individual and the organization is exempt from paying federal taxes. However, unlike a 501(c)(3), we are not a charitable organization but rather a professional association, created for the purpose of promoting the interests of the LPCC profession.

As we are not a 501(c)(3) charitable organization, contributions that you make to us will not qualify as charitable contributions for tax purposes.

However, these payments may be tax deductible as trade or business expenses if they are ordinary and necessary in the conduct of your business.

We suggest that you contact your accountant to determine if the payments you make to CALPCC qualify for a tax deduction. We strive to be transparent and compliant in all we do and will provide you with all necessary documentation and information required to support your contribution.
